

The 1st Convention of Global Korea FTAs Research Association (Global KoFRA) in India

The mission of the Global KoFRA is to promote academic and applied research written by international authors and of interest to the global audience. We will hold the 1st Convention in KIIT University, India on 30th January 2015 to 1st February 2015. It aims to bring together professors, researchers and postgraduate students in countries which the Korean government has signed FTAs with to exchange their experiences and research results and share the practical challenges encountered and the solutions adopted. We expect the Global KoFRA to provide a platform for universities, governments and law firms to discuss risks and solutions of FTAs as well as the international trade disputes and the ADR system from different international perspectives. Anyone who can share ideas on FTAs and the ADR system will be welcomed.

The academic sections for paper presentations will be held on 31st January and 1st February while the foundation committee conference will be on 30th January. If you want to be the foundation committee members of the Global KoFRA, please tick the box of “Committee Member” as the Registrant Type on the Registration Form.
